## ***2016- The Year Of English in Ukraine***

In **2016** the foreign language learning needs will increase, especially for Ukrainians, because the President of Ukraine *Petro Poroshenko* signed Decree "On Declaring 2016 the Year of English Language in Ukraine". The President of Ukraine signed this Decree to support "Go Global" education initiative intended to popularize English language learning.

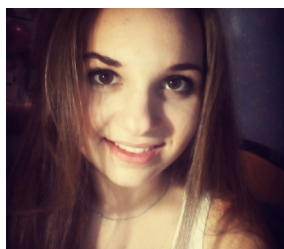

Due to dynamic tempo of modern life, people don't have much time for learning languages. For many people *Skype* is perhaps the only opportunity to learn languages. Thus, English language teachers from any corner of the world will have a great number of online students.

***A.P. Chehov* said: "As many languages you know, as many times you are a human being".**

According to official website of the President of Ukraine, the Cabinet of Ministers was instructed to elaborate and approve a complex of measures aimed to intensify English studying in Ukraine. This complex of measures includes language course organization on the basis of higher education institutions, teaching disciplines in English, expansion in the number of language clubs, holding of Olympiad competitions and contests, development of mutual exchange

of pupils and students between educational facilities of Ukraine and foreign states where English is the official language. It is also planned to improve legislation in the sphere of education and evaluate public servants' English language proficiency level. The initiative also suggests establishing of TV and radio programs of learning English for different categories of people and demonstrate movies in English with Ukrainian subtitles.

## November 18 - Santa Claus Day Birthday

Justice and charity, kindness and compassion, and caring parent special love for children, the wisdom of some quality, without which no modern superheroes cost - that's a brief description of the current collective image we know from childhood - Santa Claus. The nature of the behavior and set its inherent possibilities, he is very much like their Western counterparts - Santa Claus prototype very real person - Nicholas of Myra, general Christian activist, known for its generous assistance to poor people, which he carried in a secret gift and a day of remembrance which is celebrated on December 6. There is even a perception that it is one and the same person. However, given the profound identity of the Slavic cultural tradition, we will not argue that, although smoke without fire and did not happen. Birthday Santa Claus, though it is very conventional, but quite specific date in our calendars. As you know - everything has a beginning, his birthday, a true and real date, which officially can be argued that an event takes place. Well, when this date is known, and even better when it has documentary evidence, drawn from the words of faithful witnesses.

But what to do when there is no paper at hand, or pen? Or eyewitnesses who managed to become witnesses of an event, for whatever reason, have not managed to record their testimony, but convey some general points related to this event. Perhaps for fixing this event simply not enough time, because it is known that Santa Claus was born with the arrival of winter, but still, once in ancient times in our latitudes coming winter meant the preservation of many, our usual activities and it was an objective necessity. In the case of Santa Claus, everything was easier. In the territory, where now living descendants of the ancient Slavic tribes coming winter still - 18 November because of problems with the definition of the date of birth of this wonderful and amazing personality simply does not arise. We will not delve into all the details and nuances of this glorious event ultimately each itself free to trust or not to trust a particular facts. Focus on one thing: kindness, love and selflessness - a real miracle at all times. It is important not to forget about it. Especially adults. And children and so it is known.

## November 19 – No Smoking Day

**NO SMOKING DAY**

International Day of quitting for its origins reach American soil, the continent from which it started and total grief - smoking habits. Back in 1977, the year that day, having studied the sad statistics on the subject, found oncological community of the United States. It was proposed to celebrate it annually every third Thursday of the month of November. Soon this useful initiative, joined worldwide. Later, in 1988, the year, at the suggestion of the World Health Organization there was a younger brother of the International Day - World No Tobacco Day, which is celebrated on 31st May. WHO statistics really sad. The epidemic of smoking in the XX-th century has claimed the life of over 100 million people. In the XXI-st century this figure could rise by an order. Approximately 63% of all deaths x on earth is due to non-communicable diseases. Smoking in this macabre statistics occupies stable leading position. The pur-

pose of the Day of quitting is to promote proactive in reducing the spread of harmful tobacco dependence. This includes the fight against smoking in all layers of society and especially among doctors and medical staff. Widely inform the public about the harmful and destructive influence of tobacco on the health of the smoker and people around him could positively influence the consciousness of many smokers. Thanks to good public awareness about the dangers of smoking to health and affordable methods of getting rid of this habit, many citizens seek to get rid of harmful nicotine addiction. Some people do not realize all the gravity of the consequences of tobacco use for their health and the health of their children. In this regard, WHO and a number of public and international health organiza-

tions, governments offer policies to protect their public health from any interests of the tobacco industry, the legal protection of their citizens from exposure to tobacco smoke. Measures regulating packaging and labeling of tobacco products, to prevent the people of the dangers of this bad habit. Prohibition of advertising and sales promotion, and sponsorship opportunities tobacco companies. The widespread provision of skilled care to those who decided to get rid of this bad habit.
